

Star Lit Blades Clinic & Tryout Info

The Star Lit Blades Synchronized Skating Teams offer a competitive team environment for skaters. Our season runs late July/early August through March. The team participates in two to three traveling competitions each season, as well as two or more shows around the state.

Teams are selected based on test levels, age, and skating presentation/skills. Costs and practice days vary based on team level and can change each season. If you would like to find out more information on this, please feel free to contact us.
